- **Input Box Placeholder Text** : Allow user to add placeholder text for input box.Keep it blank if you dont want to use placeholder.
- And then click on **Save config** Button.

Import:

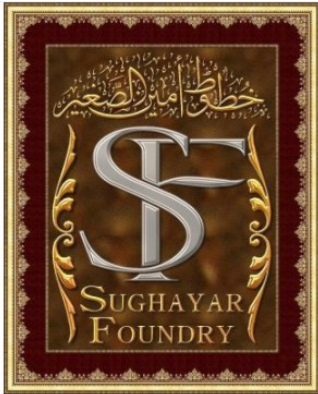

- Upload a CSV file with all the postcodes including there shipping and COD availability details. The upload will add the missing postcodes and OVERWRITES the existing.
- You can upload a csv file containing all the pincodes for which the Cash on Delivery and Shipping is available with number of days to deliver.
- You can manage all your pincodes from the admin panel or can upload a csv file to bulk update and insert. Uploading a csv file will add the missing pincodes and **replaces** the existing pincodes. So you don't have to worry about what you have done before, just review the current uploading file and upload it.
- **Sample.csv**: Click [DOWNLOAD Sample CSV](#) to download sample data file .

All Set!! Now you are able to use extension based upon saved setting.
